ANZCCART Conference 2026

Culture, Care and Collaboration

CALL FOR POSTERS

Proposals for posters extended to 19 June 2026

We are pleased to announce that due to sufficient interest, a poster session will proceed for this year's ANZCCART Conference which will be held in **Sydney from 21st to 23rd October**

Poster proposals may be on any topic relevant to ethical, social or scientific issues relating to the use and well-being of animals in research or teaching. Although a wide range of ideas is encouraged, suggestions include (but are not limited to) the application of technological advances in animal research, 3Rs initiatives, research culture and quality research, AEC operations, updates on openness and the Australian national statistics project. Presentations must be suitable for a lay audience

The proposed title and abstract must be received by Friday 19 June 2026 for assessment by the Organising Committee.

NB: Poster specifications are portrait orientation and A0 (approx. 84cm x 120cm high).

Please note that all abstracts will be carefully considered but **inclusion in the Conference Program is at the discretion of the Board and Conference Organising Committee.** Kindly note the number of poster presentations are limited.

For all enquiries, please email anzccart@adelaide.edu.au with cc to Paul Sou psou1610@gmail.com
